Requirement 7 of the Tiger Tales elective is to “[v]isit a historical museum or landmark with your adult partner.”

You’ve picked a great place to do that! The History Center is the largest museum dedicated to history in the commonwealth of Pennsylvania. We have five floors of exhibits!

Visit at least three of the History Center’s exhibits while you are here, using the Visitor Guide you received from the admissions desk to find them. Write down the names of the three exhibits you chose and something that you learned while exploring the exhibits in the space below. At your next den meeting, you can share what you learned!
